CARED 4 & MYCARED4QMS

Building on the success of the Cared 4 Quality Management System that is in use in over 1400 services across the UK, we are proud to announce the launch of myCared4QMS. This is a new exciting service that provides an effective way of managing care/support services policies & procedures and demonstrating to CQC how you meet the National Minimum Standards and improve your service.

myCared4QMS is built on:

- Cared 4 - the market leading quality management system for social care services - the only system for care accredited to ISO9001
- and myEQMS - the leading web-based document management system for quality management.

**Save time on your paperwork
and manage all your policies and procedures
via the internet from
only £30 per month**

myCared4QMS is a web-based system

- Provides access to an accredited and fully referenced, easy-to-use quality management system, **Cared 4**, that meets all the NMS for care and includes all the policies and procedures you require to run your service.
- **Consistency and compliance** - it promotes consistency in delivery of services by ensuring that all your staff having access to the most-up-to-date and approved procedures, forms and other documents.
- **Security** - only approved staff will be able to view your documents, records kept on who and why amendments were made, on a fully backed-up, fully secure hosting service.
- **Searching** for information - the right procedure/policy or form is quickly located.
- Easy and free **updating of your QMS** - you will be kept informed on amendments to Cared 4 immediately they are available.
- It provides features that enable you to identify records of improvements for your AQAA.
- **Reviews** - myCared4QMS provides extensive features to keep on track of your policies and procedures, and to demonstrate to CSCI that reviews have been carried out.
- If required and as an additional service, providers may choose to manage all service user and staff records, integrated with Cared 4.
- New purchasers will receive a printed copy of the Cared 4 Manuals for your office...
- ...plus access to our advice line by email, to answer any queries on the Cared 4 QMS.
